Clear Aligners: Limits & innovations

Orthodontics with aligners continues to evolve... and keeping up to date with the latest scientific evidence and technological advances is essential to offer more predictable and efficient treatments to your patients.

At **ALIGNERS SUN&FUN**, we bring together leading experts in invisible orthodontics to discuss in depth the latest developments in digital planning, advanced biomechanics and optimized clinical protocols.

In addition, we have chosen Valencia, a unique place in Spain where you will enjoy the best social events with orthodontists from all over the world.

PLACES
ARE
LIMITED

Workshop

Only vip ticket

10:00-11:30
