

**sas** Rocket

Grow your practice with  
Smartee.  
SAS Rocket: The world's only  
training program designed to  
help you treatment plan with  
confidence and master this  
aligner system.

**Smartee**<sup>®</sup>

# Discover what the SAS Rocket program includes and how we will help you become an expert in this system

## **14 online classes on the Smartee system**

Comprehensive Smartee system training to make you an expert

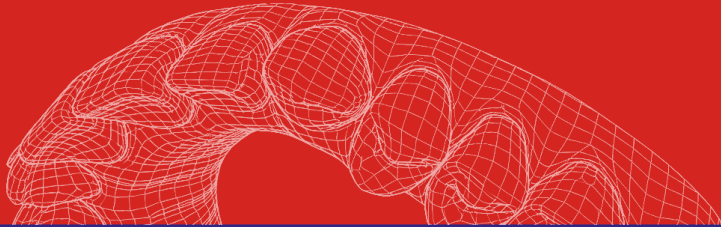

## **1:1 Mentorships**

Three 30-minute sessions to review your Smartee cases with Dr. Vicente Torres

## **Clinical Support**

Clinical support after case reviews to resolve all your questions via chat

## Online Training

- Treatment selection for adult and growing patients with Smartee
- Managing the SmarteeCheck platform / Smartee Doctor Portal
- Smartee Button & Smartee Hook: Clinical applications and versatility
- Tips for solid treatment planning in SmarteeCheck
- Advanced digital planning (CBCT + STL when indicated)
- Maxillary distalization with Smartee aligners
- Distalization and anchorage control
- Cutouts, windows, and elastic design: Clinical criteria
- Mastering complexity with Smartee Solutions (S1–S20)
- Mandibular advancement with Smartee GS (Mandibular Repositioning)
- Smartee Kinder / Smartee Teen: Treating growing patients
- Class II and Class III malocclusions with Smartee
- Extraction cases with Smartee
- Advanced protocols with skeletal anchorage

## 1:1 Mentorships

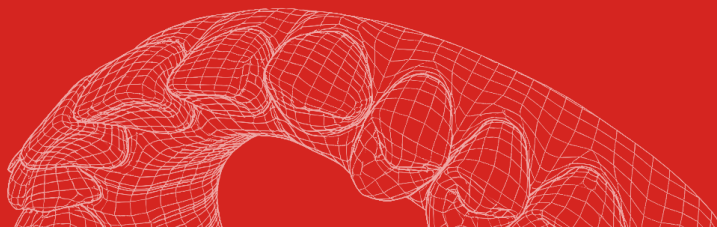

1:1 30-minute mentorships with Vicente Torres are designed to help you resolve specific clinical questions about your clear aligner cases in a fast, practical, and personalized way.

First, book your 30-minute session by choosing the available time slot that best fits your schedule.

Prior to the mentorship, you can submit your **SmarteeCheck** so the case can be reviewed in advance.

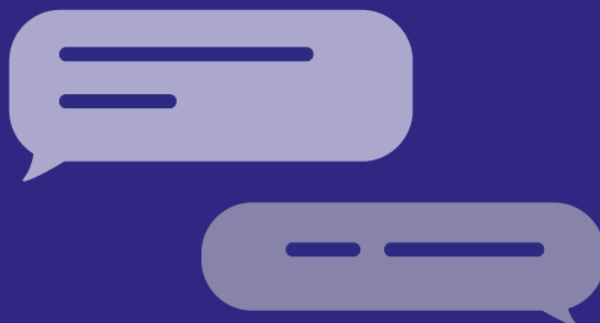

During the live 1:1 session, you will review your case together with Vicente Torres

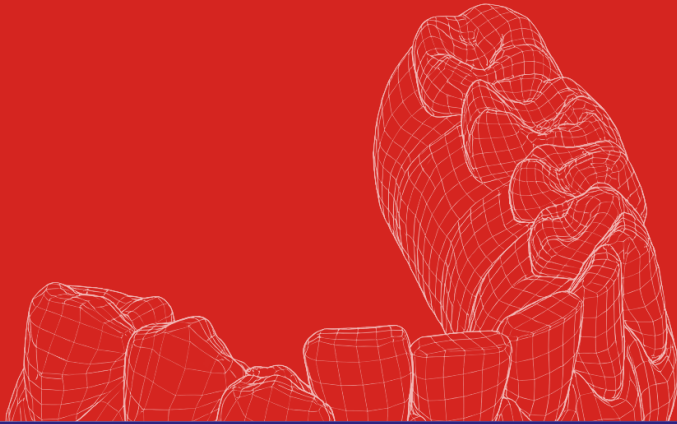

## Clinical Support

Access to a Q&A support system featuring both private and group chats, where you can raise questions, share your clinical cases, and resolve concerns that arise in your daily practice.

A space designed for continuous learning, receiving team support, and moving forward with greater confidence even after the sessions
