The ONLY online programme aimed at doctors who want to enhance the use of clear aligners in their clinic through advanced aligner biomechanics protocols.

OFFER THE
HIGHEST LEVEL
OF TREATMENT
WITH

ALIGNERS

We have created a complete and unique program in which we will help you treat any patient who enters your clinic with invisible orthodontics.

You will learn specific protocols that will help you treat any type of malocclusion with aligners: from mild crowding to a case with extractions.

You will reinforce your classes with exercises at the end of each topic so that you can put into practice everything you have learned.

FREQUENTLY QUESTIONS

What are recorded classes?

These are 45-50 minute classes in which Dr. Luis González Barbero will explain the specific protocols of each topic so that you can easily apply them in your treatments with aligners.

Is the whole course recorded?

Yes, you will have access for 12 months to all recorded sessions for you to watch whenever and wherever you want.

If I register, will I have direct access to the 12 months?

Yes, you will have access to the full course so you can go through it at your own pace,

If I have questions about the recorded lessons, how can I resolve them?

You can send us an email with your question to info@smartalignerservices.com.

We will contact the speaker so that you can resolve your question as quickly as possible.
