

Aligners from **a** to **z**

The ONLY online programme aimed at doctors who want to enhance the use of clear aligners in their clinic through advanced aligner biomechanics protocols.

Online course

12 month program

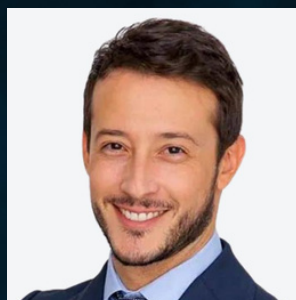

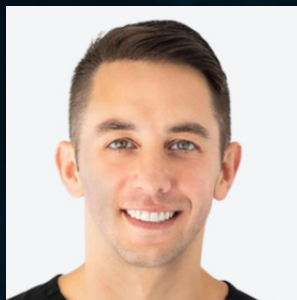

We have created a complete and unique programme in which we will help you to treat any patient who comes into your clinic asking for clear aligners.

You will learn the specific protocols to treat any type of malocclusion with aligners: from mild crowding to extraction cases.

You will reinforce your classes with exercises at the end of each topic so that you can put everything that you have learnt into practice.

In addition, we will provide you with the necessary marketing and sales tools so that you can increase the number of clear aligner patients.

If you are a doctor who loves clear aligners and want to improve your skills, this is the perfect programme for you.

12 month program

25 recorded classes

Frequent questions

What are the recorded classes?

They are 45 - 50 minute classes in which Dr. Luis González Barbero will explain the specific protocols of each topic so that you can easily apply them in your treatments with aligners.

If I can't attend the live lecture... Will it be recorded?

Yes, you will have access to the live recordings for 12 months. After that time, it will be deactivated from the platform.

If I sign up, will I have access for 12 months?

The content will be unlocked month by month, there is a lot of content so it is necessary to do it step by step

If I have questions about the recorded classes, how can I resolve them?

You will have access to a private chat with Dr. Luis González and you will be able to consult with him everything you need about the classes.

You can also write to us at info@smartalignerservices.com, we will respond right away!
